Demography report 2018 28 June 2018

The initial population data (http://minato.sip21c.org/ldaR/simpop2.txt), the record of all deaths within 1 year (http://minato.sip21c.org/ldaR/died.txt), and the record of all births within 1 year (http://minato.sip21c.org/ldaR/newborn.txt) are available.

Please analyze these data using demographic methods you have learned, and speculate the demographic nature of this population. What can you find?

The length of the report is unlimited.

Please make a pdf-file and send it as attached file to the e-mail to minato-nakazawa@umin.net. Deadline is 26 July 2018.

If you feel difficulty to manipulate the individual-based data, Section 3.2 of the Japanese text draft (http://minato.sip21c.org/ldaR/learn-da-by-R.pdf) may be helpful.
